	The attributes of measurement reveal God's accuracy, dependability and precision.
	Solve problems involving measurement and estimation of intervals of time (nearest minutes, liquid volume (liter), and masses of objects (gram, kilogram) (3.MD.1,2) Read and understand a calendar using day, week, month, and year

	What does geometry reveal about God?	God is revealed as the Master Designer when geometry is used as a means of describing the attributes of the physical world.
3	Sort and classify shapes to compare and contrast attributes (3.G.1	12.7, 12.8, 12.9
	Partition shapes into equal areas and express as a fraction (3.G.2)	12.9
	How can we quantify our findings in a way that pleases God	God has at various times commanded men to count, measure, and record their findings.
